Item 6: Resolution on a warrant program in Salix Group AB

Background

The warrant program in brief

The board of directors proposes that the general meeting resolves to approve Salix Group AB's ("Salix Group") resolution to adopt a warrant program under which Salix Group offers its CEO to subscribe for warrants in Salix. The right to subscribe may, subject to approval by Salix, also take place through a wholly owned company of the participant. What is stated below about participants shall also apply for such a wholly owned company of the participant. The board members of Salix Group will not be subject to allotment of warrants. The board's proposal means that the general meeting resolves to approve Salix Group's resolution to (i) adopt a warrant program, and (ii) carry out a directed issue of a maximum of 831 863 warrants to the participant in the warrant program.

The purpose of the proposed warrant program is to create the conditions for recruiting and retaining a new CEO of Salix Group and increase the motivation and loyalty of the CEO, as well as to align interests with that of the company's shareholders as well as to promote individual shareholding in the company and thereby promote shareholder value and the long-term value growth in Salix Group. As the warrants may be subscribed at market value and presupposes a positive share

price development of Salix Group, no performance requirements are set to exercise the warrants.

Approval of the issue of warrants 2021/2026

The board of directors proposes that the general meeting resolves to approve Salix Group's issue of warrants in accordance with the following terms and conditions.

Number of warrants to be issued

The number of warrants issued shall not exceed 831 863.

Right to subscription

The warrants may, with deviation from the shareholders' preferential rights, only be subscribed by the acceding CEO of Salix Group, Martin Hansson.

Salix Group's acceding CEO Martin Hansson may subscribe for a maximum of 831 863 warrants.

In connection with the subscription of warrants, Salix Group shall, in a separate agreement, reserve the right to repurchase warrants in the event that the participant's employment in Salix Group is terminated or if the participant wishes to transfer warrants.

Reasons for deviation from the shareholders' preferential rights

The reason for the deviation from the shareholders' preferential rights is to create conditions to recruit and retain an acceding CEO of Salix Group, increase its motivation and loyalty and align interests with the company's shareholders as well as promote an individual shareholding in the company and thereby promote shareholder value and the long-term value growth of the company.

Subscription and payment

Subscription of the warrants shall take place on a separate subscription list no later than three (3) weekdays after the general meeting of Salix Group resolving on the issue of the warrants.

Payment of the subscription price shall be made in cash to a bank account designated by Salix Group no later than one week after the last day to subscribe for the warrants.

Oversubscription

Oversubscription shall not be possible.

Subscription price

The total subscription price for all warrants is SEK 2 000 000, which corresponds to approximately SEK 2,40 per warrant.

The amount to be paid for each warrant corresponds to the warrant's theoretical market value according to Black & Scholes' valuation model at the time when the issue was resolved.

Valuation

A calculation of the market value of the warrants has been made by Svalner Skatt & Transaktion ("**Svalner**"). The market price of the warrants has, according to a valuation based on a market value of the underlying share of SEK 28,44 per share (considering the decided share split whereby the number of outstanding shares in Salix Group amounts to 100,000,000), been determined at 3,43 SEK per warrant (provided a subscription price of SEK 37,00 per share). In the preliminary valuation, Svalner has assumed a risk-free interest rate of -0,3 percent, a volatility of 29,8 percent and an average expected dividend of SEK 65 million during the term. Svalner has also made a 30 percent deduction on the value of each warrant due to the fact that the warrants will not be traded on a liquid market during this period.

Terms and conditions for the warrants

1. Each warrant shall entitle the holder to subscribe for one (1) new share in Salix Group.
2. The subscription price for each new share shall amount to SEK 37,00 per share.
3. The warrants may be exercised during a period of three (3) months commencing five (5) years after the last day of subscribing for the warrants. According to the terms and conditions of the warrants, the period when the warrants may be exercised can be brought forward if certain circumstances occur or extended if participants are prevented from exercising their warrants due to applicable insider trading laws or equivalent.
4. The new shares shall entitle the holder to dividends for the first time on the record date for dividends that falls immediately after that subscription has taken place.
5. The complete terms and conditions for the warrants will be available on Volati AB's (publ) website, www.volati.se, no later than 30 August 2021. According to the terms and conditions for the warrants, the subscription price and the number of shares that each warrant entitles to subscribe for may be subject to recalculation in certain cases.

Increase in share capital

If all 831 863 warrants are exercised, the company's share capital will be increased by SEK 415,93 (calculated on a quota value of SEK 0.0005, which is based on the

number of shares and share capital in Salix Group after the decided share split, after which the number of outstanding shares in Salix Group will amount to 100,000,000), subject to the recalculation of the number of shares that each warrant entitles to subscribe for that can be made in accordance with the full terms and conditions of the warrants. If the subscription price exceeds the quota value, the excess amount shall be added to the free premium fund.

Authorisation

The board of directors of Salix Group shall have a right to extend the time for subscription and payment of the warrants. The board of directors and Salix Group's board of directors shall be authorised to make such minor adjustments as may be necessary in connection with the registration of the resolution on the issue with the Swedish Companies Registration Office and Euroclear Sweden AB.

Condition

The issue is conditional on Salix Group and Martin Hansson entering into a warrant agreement containing provisions on transfers, pledges, repurchases under certain conditions and other customary provisions.

Dilution effect

If all 831 863 warrants of series 2021/2026 are exercised for subscription of 831 863 new shares, a dilution of approximately 0,825 percent will take place (calculated on number of shares and share capital in Salix Group after the resolved share split, after which share the number of outstanding shares in Salix Group will amount to 100 000 000).

Other share-related incentive programs

At the time of the extraordinary general meeting, Volati AB (publ) and Salix Group have no outstanding share-related incentive programs.

Costs

The participant will acquire the warrants at market value, which means that the warrants will not entail any personnel costs for Salix Group. The warrant program is only expected to entail certain limited costs for Salix Group such as fees to external

advisors and administration regarding the warrant program. For this reason, no security measures are planned regarding the warrant program.

Impact on material key figures

Salix Group's earnings per share will not be affected by the issue of the warrants as the present value of the exercise price of the warrants exceeds the current market value of the share at the time of the issue.

Preparation of the proposal

The warrant program was prepared by the board of directors of Salix Group and discussed at a board meeting of Salix Group in August 2021. The board's proposal that the extraordinary general meeting shall approve the warrant program and the directed issue of warrants was discussed at a board meeting of Volati AB (publ) in August 2021.

MAJORITY VOTE REQUIREMENT

A resolution in accordance with item 6 is valid only where it is supported by shareholders holding not less than nine-tenths (9/10) of the votes cast as well as the shares represented at the meeting.
