

Volati Management Meeting 2022

Salix Group: Construction & Packaging Solutions

The business unit includes T-Emballage, a leading supplier of material-independent packaging solutions to sawmills and other industries, TECCA, which supplies innovative and sustainable climate control solutions to the building and small house industry, and Vägghmaterial, which supplies the market's widest range of corner protection to the paint retail sector.

Salix Group: Consumables Industry

The business unit includes Sørbø Industribeslag, a leading supplier to the door and window industry and the associated construction market in Norway. The business unit also includes Gunnar Eiklid, one of Norway's leading suppliers of locks and fittings to the industry and Nibu/SkanCo, one of the leading wholesaler specialists for kitchen and interior fittings in Norway.

Salix Group: Consumable Trade

The business unit consists of Thomée, Sweden's leading wholesaler for the building materials retail segment, and Heco, a leading supplier of screws and fastenings for the Nordic market. The products consist of both own brands and distributed brands. Customers include the building and hardware trade and the largest consumer chains in the area. The business unit also includes the service company Salix Business Partner.

Salix Group: Home & Fittings

The business unit includes Habo Gruppen, a leading Nordic supplier of functional fittings and interior details, Pisla, the market leader in fittings in Finland and a developer of well-known brands for the building materials trade and Duschprodukter, a well-established supplier of showers and bathroom accessories.

Salix Group: Agriculture, Forest & Garden

The business unit includes Kellfri and Swekip, which supplies affordable machinery and equipment for small-scale agriculture and forestry. The business unit also includes Miljöcenter, which supplies environmentally friendly products for home and garden under several of its own brands.

Corroventa

Besides selling products and solutions, Corroventa has Europe's largest rental park of water damage management equipment for emergency situations and floods. Customers include remediation companies, insurance companies and construction companies in ten markets in Europe.

Ettiketto Group

Ettiketto is a Nordic market-leading, comprehensive supplier with a wide selection of self-adhesive labels for various applications, such as food packaging that consumers find in grocery stores. Ettiketto also has a comprehensive range of customised labelling machines for integration into customers' production lines. Ettiketto is active in Sweden and Norway, with the food industry as its largest customer group.

MAFI Scanmast

MAFI is a global market-leading supplier of fastening solutions for telecom equipment and solar panels. Scanmast is a leading Nordic supplier of mast and tower infrastructure for telecom, lighting and surveillance, and pipeline bridges for the industrial and transportation sectors.

S:t Eriks

S:t Eriks is a leading Swedish supplier whose products are used primarily in infrastructure projects and landscape architecture. The majority of the company's sales are to professional customers such as infrastructure and construction contractors in Sweden and Norway, complemented with sales through builders' merchants.

Tornum Group

Tornum is a leading supplier of grain handling equipment for the agricultural and grain industry. Products include grain driers, silos, transport equipment and a wide range of accessories and automatic electrical systems. Customers are mainly individual farmers, cooperatives and industrial customers in 14 markets in western and eastern Europe and in Asia.
